

VOTE

BROWARD

We have an opportunity to change the last 20 years of leadership in Florida. This is about standing together for our freedom to thrive in our communities. To do that, we need to show up, show out, and vote for leaders who will fight for all of us, not just the wealthy few. **Don't forget to vote on November 6!**

DON'T FORGET TO VOTE on our constitutional amendments!

VOTE YES ON 4 because we believe in second chances. There are 1.4 million Floridians who are permanently excluded from voting because of prior felony convictions. And we are only one of four states with this lifetime ban because wealthy special interests and politicians have long conspired to take votes away from our communities. Voting yes on 4 will ensure that every Floridian can participate in our democracy and move one step closer to the promise of liberty and justice for all.

VOTE NO ON 1 because it gives tax breaks to owners of more expensive homes, making our property tax system more complicated and less fair. Amendment 1 would take hundreds of millions of dollars from our city and county budgets. Local governments would have to either drastically cut vital services like storm preparedness, funding for our schools, health care, and assistance to our seniors or raise the tax rates for the rest of us.

VOTE NO ON 5 because it will make it impossible to end billions in tax breaks for large corporations and wealthy donors of Tallahassee politicians. Floridians will lose funding for education, healthcare, and natural disasters, which our state already funds at some of the lowest rates in the nation. Amendment 5 would make it impossible to fully fund any of these vital services.

EARLY VOTING IS OCTOBER 22-NOVEMBER 4
ELECTION DAY IS NOVEMBER 6
